**Robert Marshall, Candidate for the Republican Nominee for U.S. Senate,
Congratulates Dr. Willie Wilson on stepping up to face Senator Durbin**

Berwyn, IL- Dr. Bob Marshall, Republican candidate for the United States Senate in Illinois released the following statement on Dr. Willie Wilson entering the race:

“It has become evident that Democrats from all shades of blue are demonstrating their frustration on career politician Dick Durbin, a key member of the Chicago Machine. As Dr. Wilson has pointed out Mr. Durbin has done nothing of significance for struggling families. Dr. Marshall wishes his fellow competitor good luck in the tough challenge of getting on the ballot as an independent but knows that Dr. Wilson works hard and should have no troubles. As I have said throughout the campaign Senator Durbin is vulnerable and can be beaten. I look forward to continue my commitment in retiring Senator Durbin for good”
